

Residential ESS

Lithium-ion Battery CFE-CUBE

Efficient and flexible

Simple buckle fixing minimize the installation time and cost.
Flexible increase voltage capacity without any other equipments or settings.

Excellent quality

Sheet metal structure production, light weight, high strength.
Multiple security protection strategies.

Safe and secure

LFP(Lithium ion Phosphate) the highest safety.
Multiple protection process, anti-corrosion and anti-rust, smooth surface.

Efficient management

Accurate sampling of voltage and current .
SOC mathematic more accurate and never jump.
